

SUMMARY

Software engineer with 1.5+ year of experience in both **front-end** and **back-end** development. Proficient in **Python, Django, Django REST Framework , React Js,** and **JavaScript** dedicated to delivering efficient solutions and eager to continue learning and growing in the field.

SKILLS

<b>Python</b>	<b>JavaScript</b>	<b>HTML</b>	<b>PHP</b>	<b>C++</b>
<b>Django</b>	<b>React Js</b>	<b>CSS</b>	<b>CODEIGNITER</b>	<b>Core JAVA</b>
<b>Django REST Framework</b>	<b>Ajax</b>	<b>Bootstrap</b>	<b>MySQL</b>	<b>Git &amp; GitHub</b>

PROJECTS

Assets Management System

- Designed and implemented an **Assets Management System** using **Django** and **React Js**, streamlining the process of tracking assets issued to employees.
- Developed a user-friendly interface for efficient management of asset records, enhancing organizational productivity and accountability.
- Technologies: **HTML, CSS, JavaScript, React Js, Django REST Framework, MySQL.**

Book-Hive

- A **Django-based** web app for user registration, book listing, and inventory management. Users can list books, manage profiles, search for titles, and place orders, with cart functionality powered by Django sessions.
- Technologies:**HTML, CSS, JavaScript, Django, Python, MySQL.**

House Rental System

- A **Django-based** web app that allows homeowners to register properties for rent and tenants to search for listings. Users can manage profiles, list houses, and send booking requests based on specific criteria.
- Technology used : **HTML, CSS, JavaScript, Ajax, Django, MySQL, Python.**

EXPERIENCE

Software Engineer | ZMQ Development  
( August 2023 - Present )

- Currently employed as a **Software Engineer** at **ZMQ Development**, focusing on **backend** development as part of a team project.
- Contributing to backend tasks on a proprietary project, utilizing expertise in **Python, Django, Django REST Framework**, and related technologies to advance project objectives.
- Collaborated with cross-functional teams to enhance application functionality and user experience, leveraging skills in **JavaScript, Python**, and **RESTful API** design.

Software Engineer (Trainee) | ZMQ Development  
( January 2023 - June 2023 )

- Worked as a **Software Engineer Intern** at ZMQ Development.
- Contributed to web applications by implementing responsive front-end features using **React. Js** while developing robust backend services with **Django** and **Django REST Framework**.
